

Easy2 Africa

FOR LODGES

Get paid for every booking, *from anywhere* in the world.

Easy2Africa lets lodges take deposits and payments from international guests in their own currency, and settle straight to an account you control. No chasing wires. No deposits lost in the system.

THE PROBLEM

Your guests are global. Getting paid *shouldn't be* the hard part.

A lodge can run a flawless stay and still lose days, and real money, just collecting payment from overseas. The booking is the easy bit. The money is where it breaks.

- **International cards get declined**
  Foreign guests hit failed payments and nervous banks, right when they are trying to pay you.
- **Punishing foreign-exchange spreads**
  By the time a wire clears, the rate and the fees have quietly eaten your margin.
- **Wires that take days and cost a fortune**
  Guests wire deposits to an account they have never heard of, then everyone waits and hopes.
- **Deposits and balances lost in the noise**
  Who paid, how much, in which currency? Reconciliation becomes a second job.

Easy2Africa fixes all of it.

One link, every payment method, every currency, settled to a wallet you control. Built in Africa, for the way lodges actually get booked.

WHAT YOUR LODGE GETS

Everything you need to *get paid*, in one place.

Take deposits & balances online

Send a guest a secure pay link in seconds. Charge a deposit, a balance, or the full amount.

Guests pay their way

Card, Apple Pay, PayPal, bank transfer, and even a US check from American guests, in their own currency. Fewer failed payments, more bookings closed.

Money settles to your wallet

Every booking, every currency, in one clear record. Always know exactly who has paid.

Pay out any time

Transfer your money to your own bank account whenever it suits you. No waiting, no chasing.

Professional invoices

Clean, branded invoices raised automatically, so your lodge looks as polished as the stay.

Run it from your phone

From the front desk or the middle of the bush. Raise a request and watch the money land in real time.

GUESTS CAN PAY WITH

VISA · Mastercard · Apple Pay · Google Pay · PayPal · EFT · US Check

> **A real edge with American guests.** Many still prefer to pay by US check. Easy2Africa accepts US checks, so you never lose a booking over "can I pay by check?"

HOW IT WORKS

01

Send a request

Raise an invoice or a quick pay link in seconds and send it to your guest, for a deposit or the full stay.

02

They pay, their way

The guest pays online in their preferred method and their own currency. You see it land in real time.

03

Money lands, yours to use

It settles to your wallet, ready to use for payments, manage your balance, or transfer to your bank account whenever you need.
