Easy2 Africa

FOR HUNTING & SAFARI OUTFITTERS

Every deposit secured, every hunt *paid for*.

Easy2Africa helps outfitters take deposits and final payments from international hunters in their own currency, and settle straight to an account you control. No wiring to accounts nobody recognises, no deposits lost between the convention and the camp.

THE PROBLEM

Your hunters book from everywhere. Getting paid *shouldn't be* a gamble.

A season turns on deposits landing and balances clearing from another continent, in the right currency, before opening day. The booking is the easy part. The money is where it breaks.

- **Deposits that secure the season**
  Hunts get booked a year out, often at a convention. You need the deposit to hold the dates, but it has to clear from another continent first.

- **Daily rates and trophy fees, in another currency**
  You quote in dollars and pay your PHs and your camp in rand. By the time a wire clears, the rate and the fees have eaten into the hunt.

- **Big wires that stall before opening day**
  Hunters send large sums to an account they have never heard of, then everyone waits and hopes it lands in time.

- **Agents, balances and who paid what**
  Which hunter paid a deposit, who still owes a balance, which agent takes a cut? By mid-season, chasing it is a second job.

Easy2Africa fixes all of it.

One link, every payment method, every currency, settled to a wallet you control. Built in Africa, for the way hunts actually get booked.

WHAT YOUR OUTFIT GETS

Everything you need to *get paid*, from deposit to trophy fee.

Take the deposit on the spot

At the convention or over email, send a pay link and secure the dates before the hunter leaves the table.

Hunters pay their way

Card, Apple Pay, PayPal or bank transfer, in their own currency. Fewer failed payments on big-ticket bookings.

Deposits and balances in one place

Every hunt, every currency, one clear record. Know who has paid a deposit and who still owes a balance.

Pay out any time

Transfer your money to your own bank account whenever it suits you. Pay your PHs, your camp and your bills without waiting on a wire.

Invoices for every line

Clean, branded invoices for deposits, daily rates and trophy fees, raised automatically.

Run it from camp

From the convention floor to the middle of the concession. Raise a request and watch the money land in real time.

HUNTERS CAN PAY WITH

VISA · Mastercard · Apple Pay · Google Pay · PayPal · EFT · US Check

> **A real edge with American hunters.** Many still prefer to pay by US check, and most conventions run on them. Easy2Africa accepts US checks, so you never lose a booking over "can I pay by check?"

HOW IT WORKS

01

Send a request

Raise an invoice or a quick pay link for a deposit, a balance or the full hunt, and send it to your hunter or their agent.

02

They pay, their way

Your hunter pays online in their own currency. You see the deposit land and hold the dates.

03

Money lands, pay out

Funds settle to your wallet, ready to transfer to your own bank account any time.
